

Lost Creek

These will be moderate to easy riding and shoes are always recommended.

Directions: Hwy 285 south from C470 over Kenosha pass about 2 miles to the first left at the bottom of the pass to County Rd. 56. Left on Rd 56 (which turns into Forest Service Rd. 56 about 6 miles (which is past the turn off to Tarryall Reservoir about a mile) to FSR 190. Right turn on Rd 190 and look for markers or ribbons on the post marking the turn off of Rd 190. If this location is full when Paul gets there about noon on Friday, we may camp either a little before the 190 turn off or continue on FSR 56 to another camp spot about 4 miles further on. Look for a paper plate with BBSC on it and red ribbons. Bring water for the horses; however, there is water about 1/2 mile from the 190 camp spot. Water is available next the other camp spot further on.
